Who We Are
Since 1888, Alexander Youth Network has been providing services to children and families. Through our Model of Care, we provide children with access to the best therapies in mental and behavioral health. We offer more than ten different services throughout the state of North Carolina. Our integrated service model keeps a child within our network to focus on skills that promote healing, rather than disrupting the progress made in treatment by transferring service providers. We give children the best opportunity to build healthy relationships and experience positive growth.

What We Do
At Alexander Youth Network, many of our children have been diagnosed with mental health disorders, experienced trauma, or have suffered emotional abuse. We create strong support systems, and build positive relationships to improve their mental health and help them overcome their behavioral challenges. Our agency is dedicated to the successful healing of our kids and recognize that their success is not possible without your continued support.

Thank you for your commitment to Alexander and our kids, offering them a safe space to learn, trust, and heal.

What You Help Us Accomplish

- 10,589 children and families were served in 2018.
- 92% of children who previously had truancy issues remain enrolled and attending school after receiving Multi-systemic Therapy.
- 69.3% of kids discharged from Day Treatment transitioned to a more traditional school setting.
- 82.3% of children treated in our Psychiatric Residential Treatment Facility maintained a more traditional home setting after leaving our care.
- 86% of our expenses are used to support child and family programs.
